

## BIOLOGY LAB FEE

The lab fee is a mandatory academic fee for all students that are enrolled in a Biology course. These fees will cover the additional academic costs to better instruct your student. This Biology fee is in addition to the Instructional fee that is collected in your student's homeroom class. The fee is \$5.00.

1. You may send **\$5 cash** OR **write a check** payable to Henry Clay High School and in the memo line write: **Account #345**.
2. This money must be collected by your student's Biology teacher **ONLY**.
3. It must be a **separate** check or cash and **CANNOT** be combined with any other money requirements given to other teachers or classes.
4. If you have questions, e-mail your student's Biology teacher.

We are looking forward to a great year!
